Manager's Message

Our 50th Anniversary

As your net manager, I was honoured to organize the 11hour day long event. Our controller team performed 22 half hour slots with perfect band conditions. In total, we achieved 924 checkins during the day. I have assembled a website showcasing an audio recording of each of the controllers and those that checked in. Click the link below.

Richard VE3OZW is planning an ONLINE first ever controller meeting for Sunday 30th January 2022. Please take the time to let him know your intentions to participate.

As always, thanks to everyone that makes the net a joy to manage.....Barry VE3ISX.

A special thank you to the Clubs, individuals and our corporate sponsors for the necessary funding that allows the website and maintenance to continue. Please mention that you saw their banner on the ONTARS.COM website.

Controller News

- Richard and I would like to hear from YOU the controllers. Sunday 30th, January 2022 ONLINE 1pm to 3pm via Google Meeting. Check your email for invite details.
